Invest in a new set of pans from Danish designer Scanpan with our exclusive discount at Selfridges in store and online

IN STORE AND ONLINE

Beautiful Kitchens has teamed up with Scanpan to offer you 25 per cent off its cookware. The 16-piece collection has a stainless-steel finish, clever stay-cool handles and is ovenproof to 260°C.

Suitable for any hob, the cookware's multi-layer construction offers rapid, even heat distribution, and its patented GreenTek non-stick coating won't peel or warp, even when using metal utensils. Each item comes in a plush velour drawstring bag.

Used by professional chefs, this superb range of cookware will enhance any kitchen, while its durable and lightweight design makes cooking a pleasure. Designed and manufactured in Denmark for over 50 years, traditional techniques are combined with the latest technology and environmentally friendly materials. As a result, Scanpan cookware is free of the chemicals PFOA and PFOS that are used in other brands.

For further details on the Scanpan range, call 01782 572910 or visit www.inthehaus.co.uk. Haus is the sole importer and distributor for Scanpan products in the UK.
