Wok's cooking?

Inspired to cook Chinese? We've stirred up a storm this month with a review of some of the best woks on sale

The Scanpan Impact 32cm Wok with Lid, £89

The only wok we reviewed with a lid, which is handy when wanting to steam-fry your veg or cook through some meat or fish quickly. Made from stainless steel, it's a beautiful wok, but a bit on the heavy side (though it does come with two handles, which is helpful for transporting to the table). Dishwasher safe and ovenproof.
