The pan for frying meat, fish or vegetables; the ridges allow fat to drain away from food during cooking.

The SCANPAN Classic Square Griddle Pan with a ribbed surface gives meat tantalising brown stripes. The low edges make it easy to monitor cooking progress and it is easy to access to food for turning.

This pan is the ultimate substitute for the backyard grill when the weather is gloomy or you are too busy to BBQ.

The Classic Square Griddle Pan features a ceramic titanium coating, which means that you do not need to use fat when frying, making your cooking healthier.

The pan's handle is attached using a patented locking system without screws or rivets that ensures it does not become loose over time.

The entire Classic series is ovenproof up to 260°C.

You may also like... Classic Wok

The pan for easy stir-frying; can also be used for anything from steaming to deep-frying.

Item: #SP28301200
RRP: £109.00
